

**Northbridge Public Schools
Permission Form for Food in the Classroom**

At times during the school year, teachers will use food to enhance a classroom lesson or to celebrate a holiday. Due to the number of food allergies among students, we need to know whether or not your child may have food that is provided in class. If your child cannot participate in a food related lesson or holiday party, you may indicate it below. The teacher will contact you at least 7 calendar days before each lesson with a permission slip listing the foods to be served. If your child cannot participate, the teacher will contact you to discuss alternative foods. **Please return this form to school by _____.** Please note: these food events do not include the monthly birthday party, when only foods from the Allowable Treats List will be served.

_____ My child _____ **MAY**
participate in any food related lessons/celebrations in the classroom.

_____ My child _____ **MAY NOT**
participate in all food celebrations. Please inform me of foods that will be provided in the classroom and the ingredients of the food before the lesson.

If this form is not returned to school, your child may not be able to participate in classroom celebrations/curriculum related food activities.

Parents/Guardians of students with significant food allergies may consider providing a snack that it safe for your child to be kept in the classroom for celebrations.
