iParent Guidelines

1. The sole purpose of iParent is to provide academic and attendance data to parents and guardians for their student(s) only.
2. The parent/guardian registers with a username and password; one account may be used for all students in the family. It is the sole responsibility of the parent/guardian to protect the security of this username and password. The district accepts no responsibility in the event the username and password is shared, given, stolen, or in any other way, becomes the possession of a person other than the parent/guardian. In the event of a username and/or password being compromised, the parent/guardian should change their password.
3. Users of this system shall not use a username and password that is registered to another individual. Individual student information should be kept confidential.
