## Superintendent's Recommended Budget

Public Budget Hearing: March 28, 2023

## SY 2022-2023:

The 2022-2023 school year began with all of our schools in a crunch to get staff hired, as we had several retirements and resignations at the end of the previous school year and over the summer.

Filling these positions continues to prove difficult as the year goes on, as there exists a critical educator/administrator/staff shortage throughout the country post-COVID. As a result, our entire staff across the district has worked harder than they ever have to cover classes and provide support to the classroom teachers and our students.
The good news, this year, was that we were no longer subject to COVID restrictions or mask requirements, and we could conduct athletics, activities and all aspects of the school day, as usual.
In addition, the state of Massachusetts announced the continuation of universal breakfast and lunch programming for all students for the remainder of the school year, which has been a great help to our students and families, as well as our food service revenue. And, with any luck, the Legislature will vote to keep it moving forward.

Also, thanks to the continuation of our ESSER grant funding, we have been able to continue to provide after school remediation and other academic support opportunities to our students at all schools.

## Focus for the FY24 Budget

- Continue to meet the ongoing academic needs of our students that have resulted from disrupted learning, as well as the increasing mental health concerns.
- Ensure we are able to hire highly-qualified staff members in each of our schools to fill all open positions or positions that may become open throughout the year.
- Maintain current qualified and experienced staff.
- Support the strategies and initiatives outlined in Year Three of our three-year District Strategic Plan.
- Provide necessary resources and training for staff to meet the changing needs of our students.
- Support opportunities for parent education and engagement in the school system.

- FY21 grants carried forward to help fund FY22, resulting in FY22 grants carrying forward to help fund FY23

## Looking Ahead to FY2025

- The proposed FY24 budget utilizes $\$ 4.1 \mathrm{M}$ in revolver funds to balance the budget. If $\$ 2.2$ million is received as revolver revenue for FY25 ( $\sim$ level to projected FY24), only $\$ 2.8$ million of revolver funds will be available to balance the FY25 budget in order to leave a $\$ 1 \mathrm{M}$ balance. This is $\$ 1.3$ million less than is planned to be utilized in FY24.
- If FY23/FY24 expenses comes in under budget and less revolver funds are needed to balance the budgets in those years, and/or if FY23/FY24 revolver revenue comes in higher than projected, additional revolver funds will be available to help fund the FY25 budget.
- ESSER III grant funds are currently funding $\$ 1 \mathrm{M}$ of the FY24 budget; however, these funds will not be available in FY25
- Funding challenges: state aid increases are minimal; appropriation increases have been limited to $\sim 2 \%$ of total appropriation; ESSER funds available in FY22-FY24 but will not be continued in FY25; more revolver funds are budgeted to be utilized than replenished.
- We have continued to push off and prolong the time until the next large budget deficit, but unless the FY23 and FY24 budgets come in significantly under budget, or an additional revenue source presents itself, sustaining the current level of services budgeted for FY24 in the FY25 budget will be extremely challenging

# SCHOOL COMMITTEE <br> AGENDA ITEM SUMMARY <br> (ACTION ITEM) 

Agenda Item<br>For School Committee Meeting of February 28, 2023

## SUBJECT: Line Item Increase - Out of District Tuition

Person(s) preparing Agenda Item: Melissa Walker

Title: Director of Business \& Finance
Listing of Attachments (supporting documentation):

BACKGROUND: When building the FY23 budget, out of district tuitions were budgeted for 29 students totaling $\$ 2,389,723$. Since the budget was built, there has been a change to both the total number of students requiring out of district placements (net increase of 2 ) and to some of the students' actual placements, resulting in higher tuition costs than originally budgeted. As a result, an additional $\$ 151,796$ in out of district tuition costs is currently anticipated, resulting in OOD tuition costs being closer to $\$ 2,541,519$.

STATUS: Grant funds from a special education grant are annually allocated to help cover the cost of out of district tuition and such funds are incorporated into identified funding when building the budget. Due to carryover grant funds, additional grant funds for this purpose are currently available.

FINANCIAL IMPLICATION: A total of $\$ 151,796$ will be added to the FY23 budget to cover the increased cost of out of district tuition; however, this increased cost will be covered by existing grant funding already written for this purpose.
**There is a strong possibility we will qualify for "extraordinary relief" through circuit breaker due to the increase in our anticipated out of district tuition costs this year compared to last year. If that is the case, an additional circuit breaker payment will be received and that payment must be spent this fiscal year. If extraordinary relief is used to cover some of our OOD tuition costs, the aforementioned grant funds will be carried forward to help cover OOD tuition costs in next year's budget (or any future unanticipated tuition costs that may still occur this year, if that is necessary.)

RECOMMENDATION: That the school committee approves increasing the out of district tuition line items by $\$ 151,796$ for FY23 with the additional cost being covered by grant funds or potential additional state special education reimbursement funding for this specific purpose.

# SCHOOL COMMITTEE <br> AGENDA ITEM SUMMARY <br> (ACTION ITEM) 

Agenda Item<br>For School Committee Meeting of February 28, 2023

## SUBJECT: Line Item Transfers - Transportation

Person(s) preparing Agenda Item: Melissa Walker
Title: Director of Business \& Finance
Listing of Attachments (supporting documentation):

BACKGROUND: Additional funding is needed in the transportation line items within the FY23 budget to cover the anticipated transportation expenses for the year. An additional $\$ 35,000$ is needed in the Out of District Transportation line item to cover the increased daily rate of transportation runs this year over what was initially budgeted and an additional \$9,500 is needed in the Regular Transportation line item to cover the projected cost of fuel escalation for the year due to the increased price of diesel fuel.

STATUS: Funds have been transferred across the district's transportation line items to reallocate budgeted funding based on anticipated expenses in each line item; however, additional funding is required to be transferred into the transportation line items from non-transportation line items.

FINANCIAL IMPLICATION: A total of $\$ 44,500$ is requested to be transferred from salary line items into transportation line items. Funding is available in the salary line items due to unanticipated vacancies in budgeted positions. This transfer will not increase the bottom line if the FY23 budget.

RECOMMENDATION: That the school committee approves transferring \$44,500 from salary line items within the FY23 budget to transportation line items within the FY23 budget.
